Plans for Demonstration

Relatives of Lord Mayor Alleged to the widow of the late Lord Mayor alleged to Have Received

Brutal Treatment.

By the Associated Press.

Cork, Oct. 29.—For several hours to-night doubt prevailed as to whether the body of Terence MacNiney when the claimed by the Councilmen of this city of which he was Lord Mayor and by his family, or left with the military. After a prolonged conference in the City Hall, however, it was decided to claim it, and shortly after 9 o'clock this evening a company of Irish volunteers and relatives of the dead Lord Mayor went to the dock and took formal possession of the coffin.—A huge crowd-was present at the dock.

Immediately afterward the coffin was removed to the City Hall, where it will lie in state until the funeral is held on Sunday. There was an impressive scene when the body was borne ato the City Hall and laid on the bier.

The threatened clash between the Trish Self Determination League, who represented the family on the funeral irain, demanded that the station master was of Kingstown, a port near Dublin.

The station master said: "My orders are that the body must be placed on board the Rathmore for shipment to Cork, and they will be obserted." He intimated force would be used if necessary.

The threatened clash between the friends of MacSwiney and the authorities was due to the action of the British Government in ordering the body brought here from Holyhead instead of being taken first to Publin, as had been arranged. Indignation was loudly expressed, and early this evening members of the Dublin Council went into consultation with MacSwiney's relatives and Arthur Griffith and Count Plunkett at the City Hail. The belief was expressed at first that the relatives were inclined to leave the disposal of the body of the late Mayor to the Government to do with it as it might see fit.

During the conference the body of the late Mayor of Callaghan of Cork, shaking his finger in the station master were going to seize a dead body, and we refuse to accompany you and your nefuse to accompany you and your nefuse to accompany you and your nefuse to septimize the mourners were grouped around the flower decked box containing the coffin, and ordered the box removed to the steamer. When they heard his order Annie and Mary MacSwiney, sisters of the dead hunger striker, cried defiantly: "You have murdered our brother and you are not going to arrest his body."

The mourners refused to allow the porters to touch the casket, and a police officer ordered the former to leave the care. They declined, and constables who

Holyhbad, Wates, Oct. 29.—Shipment of MacSwiney's body direct to Cork was preceded by it violent scene, in which blows were struck and members of the Lord Mayor's family were dragged from their railway coach at the Hotphead railway station. They refused to consent to the Government's plan to take the body to Cork Instead of Dublin, and it was only after they had been placed under virtual temporary arrest that the body was taken from the train and hauled to the dock, where the steam-ship Rathmore was waiting.
